

AURORA BL01-A022

Enhanced with Outlet (German Type)

City Chic: Robust bollard light brings both aesthetics and utility to your surroundings.

IP65 IK07 0-10V 10KV Socket

Smart Charging, Bright Living

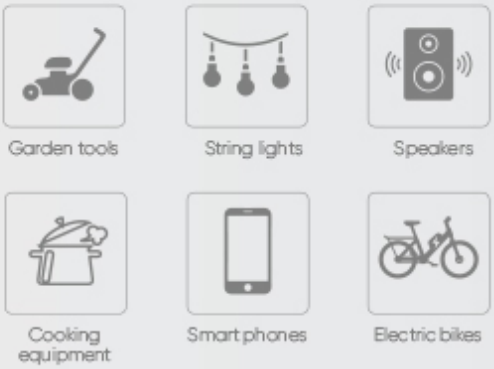

Developed based on the BL01 bollard light, this new generation features a freely accessible socket with a lockable door. Specifically designed for public facilities, it offers user-friendly access to power for various operational devices.

Standard European Socket

Designed to withstand a 16A/250V load.

Capable of charging electronic devices such as lawn and garden tools, electric bikes, string lights, speakers, outdoor cooking equipment, smart phones and more.

Applications

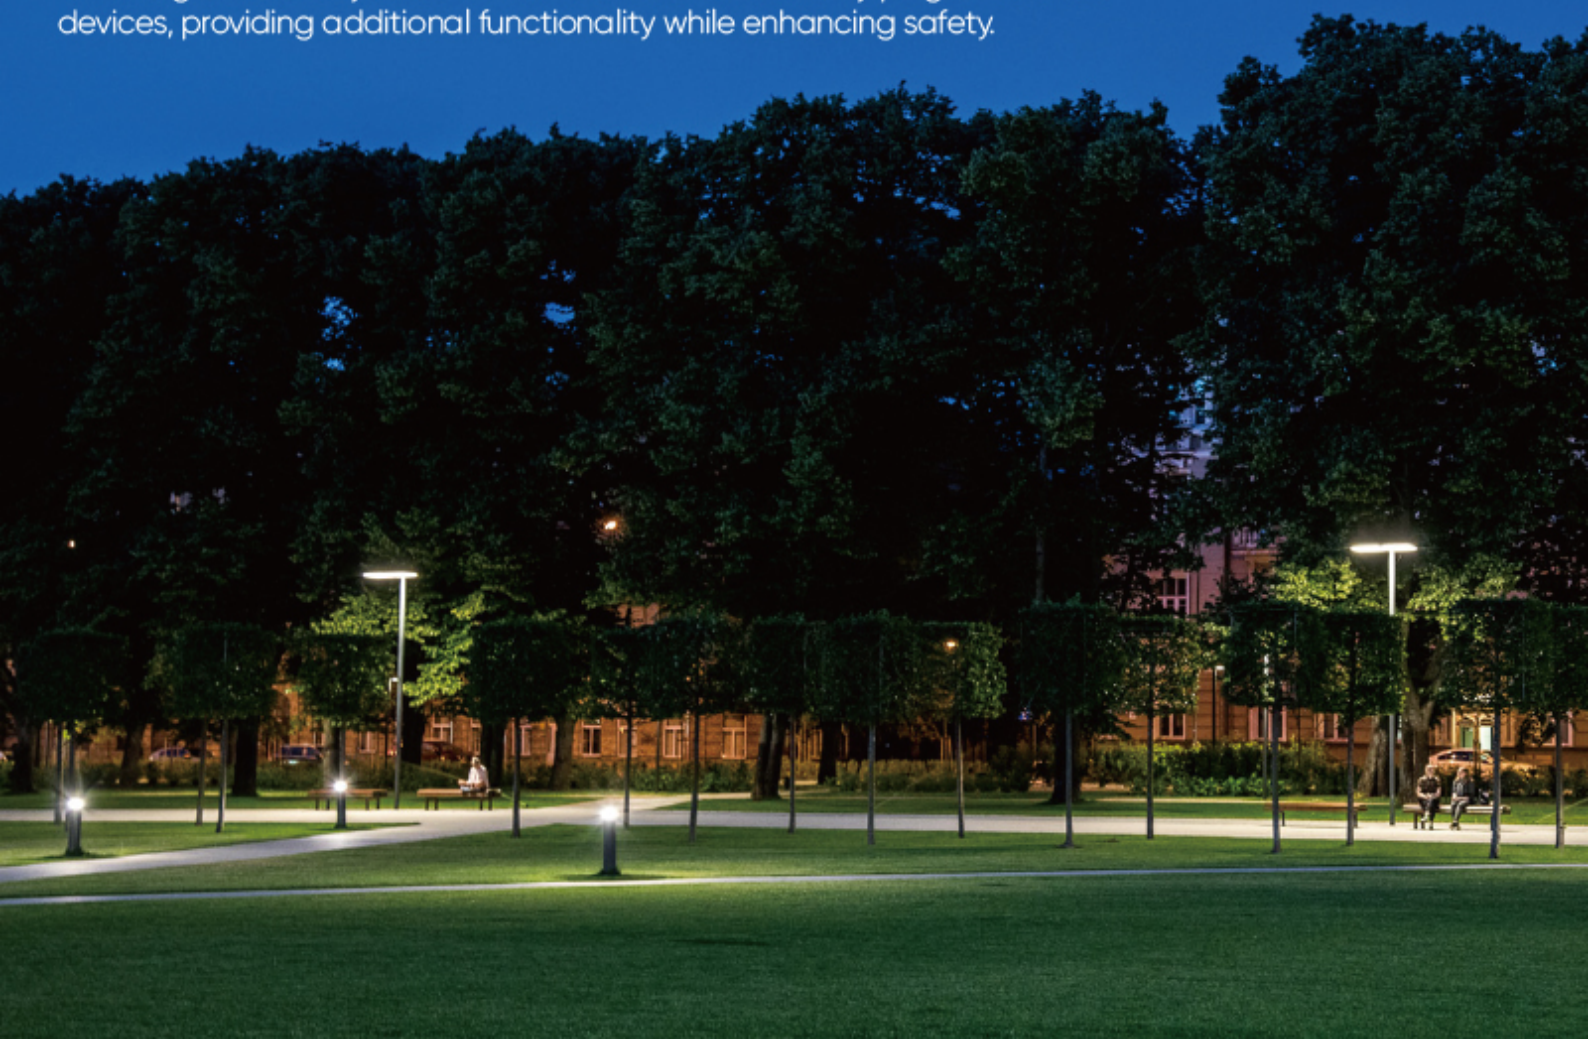

Residential Outdoor Spaces

Gardens and Pathways

Commercial and Public Spaces

Ideal for front yards and outdoor events where temporary power sources may be needed.

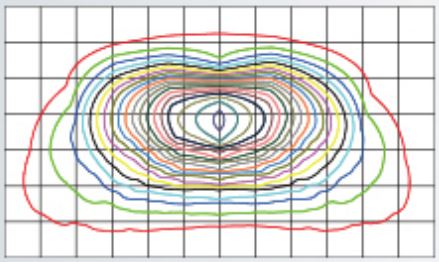

The integrated safety socket allows users to conveniently plug in electrical devices, providing additional functionality while enhancing safety.

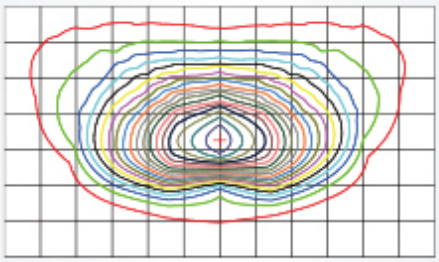

Various Optical Angles

Professional asymmetrical light distribution illuminates a wider area, guiding pedestrians safely along the way.

Single-Side Visor

With its rounded design, the visor effectively manages backlight and reduces glare, enhancing both visual comfort and ambience.
