Application:

SPORTS LIGHTING

Better for players, neighbors, night sky

AIRPORT LIGHTING

Ensure safety and visual comfort when airplane landing

FL35 Litup is dedicated design for area lighting and sports lighting, HDTV broadcast as well

KIRITO

ADDITIONAL PRODUCT SPECIFICATIONS

The product has been discontinued online. Please contact our sales representative for more information. Litup is a powerful floodlight with an impressive lumen output of up to 25,000 lm, making it ideal for various sports and large-area lighting applications. With fewer luminaires required, it offers cost-effective installation and adjustment. Designed with visors and advanced optical technology, glare and spill light can be dramatically reduced by altering the light distribution. C5 anti-corrosion level, perfect for seaside applications. The aiming device helps direct more light onto the field resulting in less spill and glare off-site.
